

Technology Solutions for an Evolving Grid

REGISTER NOW

**2021 Innovative Smart Grid Technologies (ISGT 2021)
February 15-18, 2021**

The twelfth Conference on Innovative Smart Grid Technologies (ISGT 2021), sponsored by the IEEE Power & Energy Society (PES), will be held on February 15-18, 2021 virtually with the theme "Technology Solutions for an Evolving Grid."

The Conference scope covers the following general topics that panel sessions and paper submissions will cover.

Track 1: Agility and Resilience of Critical Energy Infrastructure

Track 2: Innovation and Adoption of New Grid Technologies

Track 3: Distributed Grid-Edge and Behind-the-Meter Technologies

This year's conference will now be held as a virtual conference, to be held on the same dates. The format for the virtual conference will be that all presentations (Keynotes, Plenaries, Panels, and Posters) will be pre-recorded, along with live Q&A sessions. We look forward to your collaboration!
